

QUICK REFERENCE GUIDE

USER & EQUIPMENT REGISTRATION

New Users: Register at <https://support.ruckuswireless.com/registration>

REGISTERING NEW EQUIPMENT

Online: https://support.ruckuswireless.com/warranty_registration

Add serial numbers by either:

- Typing in serial number one per line in the rectangular box provided under Manual Input.
- Create a .csv file with all the serial numbers and upload it under CSV Upload option.

Email: registration@ruckuswireless.com with CSV file (.csv) with a list of serial numbers. Receive email confirmation within 3 business days.

Registration Help: Contact: <https://support.ruckuswireless.com/contact-us>

SUPPORT LEVEL ADMINISTRATION

- **Admin. Access level details:** <https://support.ruckuswireless.com/me>
- **Warranty Status:** https://support.ruckuswireless.com/tools/warranty_checker
- **Assets Management:** https://support.ruckuswireless.com/asset_management
- **Support Renewals:** renewals@ruckuswireless.com

LICENSING & SUPPORT ACTIVATION

- **Wireless License:** https://support.ruckuswireless.com/code_registration
- **License Downloads:** https://support.ruckuswireless.com/license_upgrades
- **ICX Switching License:** <https://support.ruckuswireless.com/documents/1866-fastiron-08-0-61-software-licensing-guide/download>

RUCKUS SUPPORT LEVELS

- **Watchdog End User Support:** End User/Direct support which entitles you to direct access to all of our support resources. Our web support portal provides a wealth of technical resources including Software Updates & Upgrades, Knowledge Base, Online Case Management, Forums and Live Chat. Also entitles you to Advance Replacement services for switches and controllers.
- **Watchdog Partner Premium Support:** With this type of support you contact your Partner for support (see VAR below) and Ruckus will in turn help them resolve your issue. However, you still have access to our online services such as Downloads, Forums and Knowledge Base. Also entitles you to Advance Replacement services for your switches and controllers.
- **Advanced Replacement:** This support entitles you to Advance Replacement services for your hardware. In case of a hardware failure, we will ship equivalent replacement product to your location before receiving your defective product.

REQUESTING TAC HELP (PHONE OR ONLINE)

- Contact information, Product Name & Serial Number
- Software Version running on the Product
- Problem & Symptoms details
- Preferred method (e-mail or phone) & time zone of contact

Online: For MEDIUM & LOW Priority cases (P3 & P4 Only)
<https://support.ruckuswireless.com/cases/new>
SLA: Initial Contact in 24 Hours & Update every 72 Hours

Phone: For CRITICAL & HIGH Priority issues (P1 & P2), Call TAC
USA & Canada: +1-855-782-5871 or **+1-855-RUCKUS1**
<https://support.ruckuswireless.com/contact-us>

Chat: <https://support.ruckuswireless.com/contact-us> and click Chat

During the process of working with support, please reply via email to support ticket, without changing the subject line, including the alternate contact number and the best time to reach.

SUPPORT - SEVERITY OF SERVICE REQUESTS

- **Critical (P1):** Network service is down, and business is impacted. No known workaround.
 - SLA: Initial Contact in 30 minutes & Update every 1 Hour
- **High (P2):** Network or service is impacted but not down. Business impact may be high. Workaround may be available.
 - SLA: Initial Contact in 2 Hours & Update every 24 Hours
- **Medium (P3):** Network or service is moderately impacted but most business remains functional.
 - SLA: Initial Contact in 24 Hours & Update every 24 Hours
- **Low (P4):** Request for information, product documentation, or product enhancements.
 - SLA: Initial Contact in 24 Hours & Update every 72 Hours

STATUS OF RUCKUS SERVICE REQUESTS

You can track your service requests under the Cases Tab > Cases
<https://support.ruckuswireless.com/cases>

CASE STATUS DESCRIBED IN DETAIL:

- **In Progress:** Case is open and being actively worked on
- **Resolved:** The Case is open but is considered to be resolved. Updates can still be made to the request if the proposed solution does not fix the issue.
- **Closed:** Case is closed and may no longer be updated. If a closed Case still requires support, the user can open a new request referencing the closed case number in the notes.
- **Assigned:** Case is assigned to a member of the Ruckus Support Team.
- **Customer Pending:** Case is open, but Ruckus Support is waiting on action from the customer
- **Waiting for Ruckus Support:** Case is open and is updated by the customer with relevant details and waiting for a Ruckus Support Engineer to work.

RMA/DOA

- **RMA:** All RMA must first go through TAC troubleshooting and approval to get a replacement. This requires opening a service request as mentioned above.
- **RMA Return Instructions for Advanced Replacement:** https://support.ruckuswireless.com/return_instructions
- **DOA:** Hardware failures within 30 days are considered DOA, and replacement can be requested by a customer through Phone/Chat, or can be submitted online by creating a new case and select case type as Hardware: <https://support.ruckuswireless.com/cases/new>
